CONSIDERATION OF PUBLIC INTEREST EVENT – WALK FOR WISHES

TIFFANY TSE

Proposed Action: **(DISCUSSION and POSSIBLE ACTION)**

Overview

For the past two years, Make A Wish Greater Los Angeles (MAWGLA), an organization that seeks to grant wishes to children with critical illnesses, was forced to cancel its annual Walk for Wishes fundraising event at the Los Angeles Memorial Coliseum due to the COVID-19 pandemic.

MAWGLA is planning its 2022 annual fundraiser and is requesting that the Commission approve the use of the Coliseum on Saturday, April 9, 2022 and waive the facility rental fee which is permitted under a Commission-designated public interest event. (See **Attachment 7.1**)

Staff has reviewed the request and found that their application meets the criteria as a public interest event eligible for the waiver. USC has also indicated that there is no conflict with the date requested.

b. Organization’s mission statement

The mission of Make-A-Wish Greater Los Angeles (MAWGLA) is “*Together, we create life-changing wishes for children with critical illnesses.*” Wishes are more than just a nice thing. And they are far more than gifts, or singular events in time. Wishes impact everyone involved—wish kids, volunteers, donors, sponsors, medical professionals, and communities. For wish kids, just the act of making their wish come true can give them the courage to comply with their medical treatments. Parents might finally feel like they can be optimistic. And still others might realize all they have to offer the world through volunteer work or philanthropy.

MAWGLA’s goal is to grant the wish of every eligible child throughout Los Angeles County. Given that a primary aim of Walk for Wishes is outreach to the county-wide community, holding our event at a central, iconic location serves that goal to reach every eligible child.

c. Contact information of the organization’s authorized representative:

Tiffany Tse, Director of Special Events: 310-788-9474, ext.2029; ttse@la.wish.org

iii. Broadcasting arrangements

We do not plan to broadcast the event live, however we plan to have local radio and television cover the event.

iv. Expected media coverage

Our expectation is to have at least one media partner for both radio and television.

v. History of event

MAWGLA has been holding the Annual Walk for Wishes since 2008. In 2022, we will be celebrating the 15th Annual Walk. This successful walk-a-thon/festival event engages the community and raises over \$150,000, attracting more than 1,000 participants each year. Corporations participate by forming walk teams, as well as by sponsoring the event. In addition, approximately 50 wish kids and their families join us for the fun-filled day with its festival atmosphere, which includes food trucks, activity booths, giveaways, face painting, characters/mascots to meet, and many other fun activities. Attendees are also educated about the mission and impact MAWGLA makes on the children and families we serve, as well as how the community can be involved through volunteering.

e. **Reasons why the event should be considered for designation as a rent-free Commission Event, including the benefits to the community**

MAWGLA is a non-profit organization is 501(c)(3) status. It has served the community of Los Angeles County for more than three decades granting the wishes of children with critical illnesses. Current programs include Wish Granting, Wish Assist, Medical Outreach, Volunteer engagement and Kids for Wish Kids/Wishmakers on Campus programs. Through these programs, MAWGLA reaches more than 12,000 people per year in the Los Angeles County, including wish kids, their families, medical professionals, students, and volunteers.

To continue this vital work, Walk for Wishes serves as a platform to raise much-needed funds along with providing education, outreach, and support services to the community. The reduction in cost for the venue ensures stronger support to the mission and higher efficiency to the organization. The reduced cost will literally and directly grant the wishes of children facing a critical illness,

f. **Reasons why the Memorial Coliseum is the preferred location for the event**

Walk for Wishes is Make-A-Wish Greater LA's largest community event. It not only serves as a vehicle for raising necessary support for the Make-A-Wish Greater LA mission, but also is a day of education, celebration, and support for the community.

With its rich history and strong contribution to the City of Los Angeles, the Memorial Coliseum is the ideal location for the MAWGLA Walk for Wishes event. Rooted in a history of bringing the broader LA community together, the Coliseum mirrors how MAWGLA currently grants wishes to local kids by local volunteers with local funding. This critical message is amplified by hosting the event in one of the most iconic locations in Los Angeles.

The Coliseum is central to the geographical area covered by MAWGLA and offers a communications-friendly, kids-safe environment to educate and engage the community. It also allows "wish ambassadors" to easily interact with LA residents in a comfortable space, recruit volunteers, reach families in need, attract community/business partners, all in celebration of the MAWGLA mission.

The LA Rams, LA Football Club (LAFC) and USC student body have all participated in prior fundraising and community services with MAW before and have expressed interest in being involved again in our 2022 Walk for Wishes. We believe holding our event at their "home" will once again increase the appeal to the community and be a shining moment for Los Angeles in 2022!

g. Preferred dates for the event, including move-in and move-out periods

Move-in and set-up will take place on 4/8/22; Event, break-down, and move-out will take place on 4/9/22.

Sincerely,

A handwritten signature in black ink, appearing to read "Tiffany Tse".

LOS ANGELES MEMORIAL COLISEUM GENERAL MANAGER'S REPORT

DAVID GALAVIZ

Proposed Action:

RECEIVE and **FILE** the Los Angeles Memorial Coliseum General Manager's Report from David Galaviz, USC Associate Vice President for Government, Community and University Relations.

USC's Los Angeles Memorial Coliseum General Manager's Report was received by the Commission's Chief Administrative Officer on June 11, 2021 from Coliseum General Manager Joe Furin. (see **Attachment 8.1**).

LOS ANGELES MEMORIAL
COLISEUM

**University of Southern California
Coliseum Management Report
Period Covered...April 16 - June 15, 2021**

1. Administrative and Operational Update.

- A. During the current COVID-19 pandemic, the Coliseum is hosting public and private events under guidelines released by LA County Health Department of Health; as these guidelines are updated, Coliseum operations will be adapted accordingly.
- B. As previously reported, the University is moving forward with modifying the restroom in the Coliseum South Office to be ADA accessible. The work, originally scheduled to start in mid-May has been delayed due to material availability; the revised work schedule is mid-June to mid-August.
- C. In 2019, the University engaged LCM Architects, who have expertise in ADA accessibility, to perform an audit of the Coliseum accessibility for disabled patrons.

In addition to areas within the stadium that need to be addressed, the audit identified a number of barriers present in Exposition Park and the parking lots in areas that are not under USC control.

Recognizing the cross-over relationships the Coliseum Commission has with the Park entities we want to notify the Commission our intent to update the entities with the audit findings and ask them to remove the identified barriers on their respective property.

- D. On Tuesday, May 4, the Coliseum was the site for a virtual fundraiser to benefit the USC McMorrow Neighborhood Academic Initiative. The fundraiser, featuring performances by marquee entertainers, special guests and visits from Star Wars celebrities, including Mark Hamill was livestreamed on Zoom and raised over One Million dollars. The NAI supports more than 1,000 children in college access programs and early literacy programs each year.
- E. From May 14 through May 21, the Coliseum was the site of USC's Commencement Ceremonies for the graduating classes of 2020 and 2021. The socially distanced ceremonies were performed twice a day, recognizing approximately 1,000 graduating students per ceremony in front of their two parents or guests. Over the seven-day period, the University bestowed degrees to over 14,706 graduates with more than 27,600 guests looking on.

- F. The Coliseum torch was lit on Monday, May 31, in observance of Memorial Day to honor and mourn the men and women of the U.S. military who have died in the performance of their military duties. The Coliseum itself is a memorial to the U.S. Armed Forces that served in World War 1.
- G. The Coliseum partnered with the Alliance High Schools to host graduation ceremonies in the Coliseum June 15-17 and June 21-22. Two ceremonies each day will be held, with approximately 1,200 to 2,000 parents and guests invited to attend. Participating schools include:

AGENDA ITEM # 10

**CONSIDERATION OF TERMS AND CONDITIONS OF AGREEMENT WITH
USC REGARDING OPERATING BUDGET FY 22-26 AND LOAN AGREEMENT**

AL NAIPO

Proposed Action: **(Discussion and possible action)**

Overview

Discussions have been ongoing between tenant USC and the Commission regarding the Commission’s operating expenses for fiscal years 2021 – 2026 (see **Attachments 10.1** and **10.2**). The lease agreement between USC and the Commission sets forth that USC shall provide operating expenses for the Commission.

USC proposes to approve the budgets listed (attached) on the following terms and conditions:

“That the Coliseum Commission will transfer to USC, as soon as possible, full ownership of the 110-freeway sign and property; public support from the Commission to USC for locating a second, local freeway sign (TBD); public support for any improvements to the 110-freeway sign; and public support for assisting with opportunities to increase ad revenue and remove advertising restrictions for USC’s Galen Center sign.

In exchange, USC shall agree to the FY 2020-2021 supplemental budget as proposed; the 5-year budget as proposed; to forgive the entire Commission loan from USC, including interest; and receive 2% of net revenues from the new (second) freeway sign, once revenues for sponsorships advertising begin.

Commission staff consulted with auditor-controller staff to ensure the budgets proposed will meet the Commission's needs during that period.

The CAO conferred with Commission Counsel regarding details of the loan and possible value associated with the 110-freeway sign property.

Staff is recommending approval of the terms as presented.

COLISEUM COMMISSION FINANCIAL REPORT

AL NAIPO

Proposed Action: **RECEIVE** and **FILE** the financial report of the Coliseum Commission

The office of Auditor-Controller provided the Commission with the financial report.

As of May 31, 2021, the Coliseum Foundation account reflected a balance of \$738,846.05.

As of May 31, 2021, the general account of the Coliseum Commission had a balance of \$102,318.97. Of that amount, \$95,000 is restricted, reserved for payment related to the four (4) Court of Honor plaques in production. That leaves an unrestricted amount of \$7,318.97 for operating expenses.

As a result, the CAO, working with the auditor-controller will transfer funds from the Foundation to the Commission as needed to pay the operating expenses of the Commission, which is set forth in the Foundation's Articles of Incorporation.

ACQUISITION OF COLISEUM/SPORTS ARENA ARTIFACTS

AL NAIPO

Proposed Action: **(DISCUSSION and POSSIBLE ACTION)**

Overview

The former Los Angeles Memorial Sports Arena was dedicated in 1959 and decommissioned in 2016. A local architectural firm headed by Welton Beckett designed the Sports Arena, and to this day many of the drawings and some artifacts from the Sports Arena and the Coliseum have been stored by the Beckett family.

Son, Welton Beckett recently contacted the Commission and offered to donate all the stored items to the Commission, which oversaw Sports Arena operations during that period. (See **Attachment 13.1**)

The family is requesting a modest donation for all the items, some of which incurred a cost to obtain.

Staff has reviewed the inventory of items and is suggesting a donation of \$750. Given the Commission's interest in an onsite visitor's center or museum, these artifacts would be a benefit in showcasing the history of the Sports Arena and the Coliseum.

If approved, staff would ask the Commission to authorize the CAO to retrieve the items, which may include the cost of renting a small moving truck and possibly hiring two individuals.

AGENDA ITEM # 14

UPDATE ON COLISEUM TRADEMARK REGISTRATIONS

AL NAIPO

Proposed Action: **(RECEIVE and FILE)**

Overview

The Commission previously directed staff to renew various trademark registrations for the Coliseum and Sports Arena that were coming due. The U.S. Patent and Trademark Office recently rejected the request for the Los Angeles Memorial Coliseum mark, for both the wording and the logo depicting the entire Coliseum Peristyle with the torch.

The USPTO indicated there was a problem with the submission, however, Phil Lam with Commission Counsel, the person who submitted the renewal, disputes that finding noting the issue likely occurred with the USPTO, possibly due to operational errors associated with the pandemic. While an appeal is permissible, the timeframe to resolve the matter could result in losing the trademark to another entity filing an application for the mark.

Mr. Lam, who has handled Coliseum trademarks in the past, advised that filing a new application would be best to protect the mark, and therefore, the CAO provided authorization to file a new application. That occurred June 3, 2021, and the Commission received confirmation of such from the USPTO. The cost for that application was \$1,050.

Staff will provide updates on this registration as they become available.
